

## Co-Payments/Co-Insurance and Plans with Deductibles

- All Co-Payments are due at the time of service. Balances remaining after insurance processing require payment within 30-days or before your next visit, whichever is sooner.
- Co-pays for Telemedicine/Counseling visits are the same as in-office visits unless otherwise specified by your insurance carrier.
- If your insurance plan has a high deductible, you may be required to provide payment in full for the office visit at the time of service.
- Failure to pay co-payments/co-insurance or any outstanding responsible party balance on your account may result in your discharge from the practice and your debt transferred to a collection agency.
- Synergy Advanced Healthcare LLC provides online payment options and accepts all major credit cards in the office.
